

10/29/14 Mo Weekly call

SO₂ - action items

- Waiting on - HQ - 4 areas that are in similar situations
 - MD - RG - 2 others
 - will discuss C SO₂ mitigation
- whether a CDD stops the FIP clock?
 - IG knows the answer didn't ~~said~~ send
 - will send
- the buyout young event will occur & work will be gone
 - * chat w/ Jonathan in ESRC
- if the requirement for the attachment demo has been suspended does that stop the FIP clock?
- some changes in MD

including in the V permit or the SIP - referencing an appendix of the permit

- could the appendix be permanent? - how would they do?
- guidance - can they use?

WU - negotiating a timeline on SO₂ rule →

 put on public comment in December - IG already has Bush Island - included
will send us now.

 timeline in LR - still discussing

~~mitigation~~ on undetectable / cleanable - CD - ^{Sicora Club} order will be final soon.
- would play out two frames

CSAPR

Redesignation - do we know the new frames?

- what do the adults say?

new frames for what sources are supposed to comply

- rulemaking to change allocations - had started a few years ago
